

All Template Outputs Index

Folder map

Folder	Template Output	File Count	Status
00_read_me	Top-level readme, manufacturer response, output index	4	Included
01_vlsi_template_flow	VLSI template flow chart and stage matrix	6	Included
02_vlsi_domain_outputs	PCB design-process matrix	3	Included
03_specification	Requirements and mechanical specification	6	Included
04_front_end_schematic	Native schematic, PDFs, SVG, visibility index	10	Included
05_bom	BOM workbook/CSVs and final BOM action outputs	7	Included
06_footprints_symbols	Footprint-symbol reconciliation outputs	4	Included
07_netlists	Netlists	6	Included
08_board_outline_mechanical	Board outline, KiCad PCB, mechanical/previews	9	Included
09_stackup_constraints	Stackup/constraint checklist	3	Included
10_component_placement	Placement outputs and ECO instructions	3	Included
11_routing_planes	Routing/planes outputs	3	Included
12_silkscreen_drc_fab_notes	Silkscreen/DRC/fab notes	4	Included
13_gerbers_drill	Review Gerbers and drill outputs	20	Included
14_dfa_assembly	DFA assembly checklist	3	Included
15_dfm_manufacturability	DFM manufacturability checklist	3	Included
16_verification	Validation reports and current issue maps	10	Included
17_release_gate	Release gate checklist and release instructions	4	Included
